

# PEDESTAL INDUSTRIAL/COMMERCIAL FAN

## Description:

These fans move large volumes of air ensuring good circulation and a cool environment. The Industrial Pedestal Fan is suited to industrial applications of air circulation and cooling in large factories and warehouses. The fan possesses a vertical tilt adjustment and adjustable 90° oscillation to ensure good coverage. Powered through 240V energy efficient motor with 3 different speed settings to choose from, the Industrial Pedestal Fan ensures that an area of up to 110sqm is covered and the quick release clips make for easy cleaning and maintenance. The Industrial Pedestal Fan is an economical, low powered fan that is cheap to run and ultimately good for the environment.

## Features:

- ⊕ Premium quality fans
- ⊕ Full range of sizes to suit any application
- ⊕ 3-speeds and 90° adjustable oscillation
- ⊕ Low wattage means cheaper running costs
- ⊕ Quick release clips on guards for easy cleaning
